(To readers, THIS IS A JOKE FANFIC MADE FOR THE KP FAN WIKI. It's going to contain humor that you probably don't like soo... yeah, I suggest not reading it because of suggestive and problematic humor.)

(I'm gonna delete this later)

Robitcal and Electrical were looking at eachother with the most seductive ass gaze ever.

"Hey, 🙄" Electrical spoke

"🙄 hey." Robitcal responded

"Wanna go to my place?" Electrical bites her lip or sum shit I don't do smut (real)

"Fuck yeah."

The two then go to Electrical's place and have funny adult time which am not gonna write because idk how to do smut let alone lesbian kind.

Moaning is very loud 🗣️👍

Moaning is very loud 🤤👉

Suddenly Static walks in. The two stared at each other in dead silence before Static joins in.

[insert HWAT threesome]

Skittle then walks in, stares at them for the longest moment, then leaves the room.

"These motherfuckers seriously need to lock the door." They commented as the walked away.

Meanwhile, Yoy would be seducing Hydra with their
GOOOOOOOOOOOOOOOOOOO looks and R I Z Z.

"Hey hydra~ 🍷"

"God fuck please leave me alone."

"Why not, don't you like me-?"

"NO. GO BACK TO FUCKING FED OR WHATEVER."

"Not after I do you 🍷" (I'm so sorry)

"WHAT.."

In the background Snuff was being a yandere and staring knives into Yoy.

MEANWHILE Rome would be sitting down with Bukit enjoying a nice

meal made of cheezits and goldfish. Skittle walks past.

"Y'ello Skittle, want some cheezits?" Rome asked them.

They turned to them, "No thanks, but Electrical, Robotical, and Static are fucking in the bedroom."

"WHAT." Rome's jaw dropped and Bukit's tail stopped wagging.

Horp walks by and notices Rome and Bukit eating cheezits and goldfish.

"Can I have some?" They asked.

"Here Horp goes," Responds Bukit, giving Horp some cheezits

NO WAY EPIK TIME SKIP

Snuff would be at hydra's neck with a knife trying to kill him because he was taking Yoy away from him. Yoy stood in the background with a smug look on their face.

Also Electrical, Robotical, and Static reached climax and all the shit that happens at the end of sex happens. Idk, I don't do research on that topic and never plan to.

Snuff is suddenly pulled off by Rome who had enough of it.

"Snuff calm the fuck down, you'll unleash your inner Gacha demons."

"...oh."

Yoy then eats Hydra's dead body as the others watch in horror. But Axel was watching Horp kiss a wyvern in horror.

Skittle stands in the background with Bukit, drinking skittle dissolved water, "This is fine." They say calmly.

Electrical, Robotical, and Static come out of the room that they were was fucking and everyone turn to them.

"Yo, me and Yoy's turn when?" Snuff asks.

"Right now." Static responds.

"Nuh-uh, I ain't railing that bastard." Yoy objects.

"🤔"

Rome then stands there for a moment. "Man, how did we get here. And when did I lose my dignity?"

"Yes," Responds Skittle.

"Great."

Bukit then goes over to Yoy and proceeds to beat him up because Bukit was in an aggressive mood today.

Snuff stands there in shock before scooping Bukit up and throwing him

out a window.

"NOO BUKIT!1!" Rome cries, "He never got to finish his cheezits. :{"

Snuff then turns to Yoy and gets on his knees, "Yoy, please... you have to rail me."

Yoy looks at him. "No," He replies.

"WHY?!"

"Because."

A dead silence is between Yoy and Snuff commences. Yoy turns to the dead body of hydra and takes it to a room and a bed is heard being crashed. Snuff sits there in shock.

"Bro that's a dead body he's fucking 🤢" Horp says.

"The necrophilia is real, smh." Electrical responded.

Skittle looks out the broken window that Bukit was thrown out of. "I want to commit homicide." They said, staring at it.

"Kill Snuff, he's the one who threw Bukit out the window." Rome turns to them.

"FOR AN APPROPRIATE REAOSN!1!1"

"Nuh-uh."

"FUCK YOU!!"

"Fuck you too."

Skittle then walks over to Snuff and punches him in the face, "This is for Bukit!" They shout.

Axel stands there for a moment before shimming up the walls like a spider.

All the sudden, Rome gets abducted by their readers because they haven't been writing Paradise Ends and have been, instead, writing this piece of shit.

Chaos happens, and Yoy walks out of the room alone.

"Are you going to rail me now? ;D" Snuff asked.

"NO."

Everyone stands there in silence before Skittle speaks up, "So uh, wanna do a magma?" Everyone agreed and they all joined a magma to be chaotic and what not.

And that's the end of this story, of how Electrical, Robotical, and Static hook up.

The end.

(Also, don't look at me for the part where Yoy commits necrophilia,
Hydra was the one who wrote it.)
